

"Monteith answered every question I had"

"As a New REALTOR, I was green going to my first closing, but Monteith answered every question I had, and never made me feel like I was wasting their time. The clients also appreciated the professionalism, ease and comfort with their closing at Monteith. Thanks so much!"

Marion Grayson, REALTOR®, Bryan Properties

"Monteith Abstract and Title Company excel in both!"

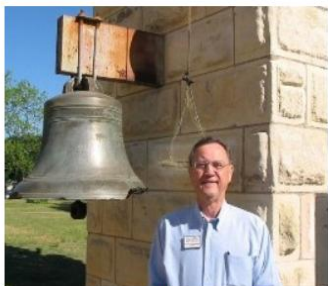

"Having been in real estate for ten years, a large percentage of my business is based on referrals. If my client feels as if their sale or purchase went smoothly and stress-free, they will refer me to their family and friends. Working with a title company that shares this goal is important to the success of the transaction as well as my success as a professional. Attention to detail and superior communication are two things you want in a title company and Monteith Abstract and Title Company excel in both!"

Tina Smith, REALTOR®, **Covington Real Estate**

"Susie Lovett and her team have always gone the extra mile"

"Susie Lovett and her team have always gone the extra mile to make sure that my clients' needs were met in an efficient and respectful manner. The lines of communication are open day or night, and I know that whenever there is a question or concern I can call on anyone on Susie's team to help me get the right answers for my clients."

Jennifer Jones, REALTOR®, **Covington Real Estate**

Gordon Wiggers

Gordon Wiggers

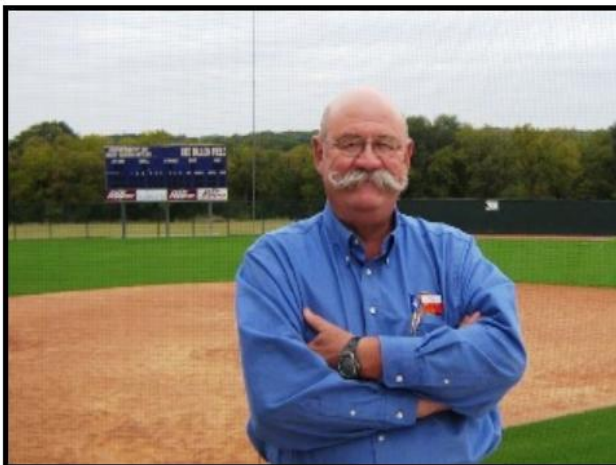

"After a successful career with the U.S. Department of Agriculture, my interest in real estate led me to pursue a second career in home sales in the Temple/Belton area. I have now been in the business of serving the real estate needs of many central Texas families since 1992. Since I serve on the Board of Trustees, I have a special interest in the welfare of the students, faculty and administration of the University of Mary Hardin-Baylor. Additional civic responsibility involves me as a board member of the Belton/Temple Habitat for Humanity whose goal is to replace substandard housing with affordable new homes. I have an abiding interest in real estate and I eagerly await the privilege of serving my next client!"

Mack Parker

Mack Parker

"You can take the boy out of the country but you can't take the country out of the boy! I love my farm and ranch heritage, which I still practice, but I also have 30 plus years experience in civil engineering, heavy construction, surveying, home building, and commercial site assessments. Call me about how my experience can be an asset in providing professional real estate services that will meet your needs."

Jim Covington

JIM COVINGTON

I'm a baseball fanatic . . . and football, and basketball! My favorite teams are of course the University of Mary Hardin-Baylor Crusaders and Belton Tigers. I'm also a team player in trying to match up landlords and tenants! As property manager I am dedicated to taking the burden off of you as the property owner and placing qualified tenants in your home. Let's team up!
